AGE 13-16 YRS

PLAGIARISM

PLAGIARISM

- Explain to your child plagiarism is a serious offence and how copyright protects an author
- Always think twice before copy-pasting and encourage them to use double quotes for verbatim
- Encourage them to always post original content/work on their website or social media page
- Ensure that you always give credit to the source if you are using someone else's work – text, pictures, tables or charts
- Warn them against using someone else's work and posting it as your own work
- Tell them even if they make slight variations in the language, they should always give credit to the source
- Encourage them to plan their assignments before time so that they can produce original work.
